

CSIR-CIMAP

Entrepreneurship Development Hands on Training Program

05-09 Dec., 2022

CSIR-Central Institute of Medicinal and Aromatic Plants (CSIR-CIMAP), a frontier plant research laboratory of the Council of Scientific and Industrial Research (CSIR), is steering multidisciplinary high-quality research in biological, agricultural and chemical sciences, and extending technologies and services to the farmers and entrepreneurs of medicinal and aromatic plants (MAPs). CSIR-CIMAP has made great progress in fundamental research, technology and product development, extension activities and human resource development and played a key role in positioning India as a global leader in production of mints, vetiver and other aromatic grasses, and in ensuring indigenous production of artemisinin - a WHO approved anti-malarial. CSIR-CIMAP has also played a key role in successfully commercializing an ayurvedic herbs-based anti-diabetic formulation, which has now benefitted millions.
